High Commissioner-designate of Pakistan to India calls on President Dr. Arif Alvi

ISLAMABAD; JULY 30, 2019: President Dr. Arif Alvi said that it has been Pakistan's policy, in line with Quaid-e-Azam's vision, to pursue friendly relation with all its neighbours including India. He added that we want resolution of all outstanding issues with India, including the Jammu and Kashmir dispute, through peaceful dialogue, he added.

The President said this while talking to the High Commissioner-designate of Pakistan to India, Mr. Moin-ul-Haque, who called on him at Aiwan-e-Sadr, Islamabad today.

The President said that in the spirit of constructive engagement, Pakistan would continue its efforts to bring peace and prosperity in the region. He highlighted that Pakistan took a remarkable step in this regard by deciding to open the Kartarpur Corridor, which will link Darbar sahib Kartarpur in Pakistan with Dera Baba Nanak in India to allow access to Sikhs to their most reverential place of worship. This can be a transformative step for South Asia, which can take the region from conflict to cooperation, animosity to peace and enmity to friendship, he added.

The President wished High Commissioner-designate a successful stay in India and hoped that High Commissioner-designate will be able to perform his duties with utmost dedication and will play an important role in implementing the policy of Government of Pakistan for peaceful co-existence and regional stability to benefit the people of the region.
